

A Guide to the digital mission: accepting the different ways of following Jesus

1. Acknowledge

that your spirituality reveals only a part of the richness of the Gospel.

2. Understand

that only the Church as a whole, united, reflects the face of Christ.

3. Welcome

those who live their faith in other ways.

4. Express

with sincerity and humility what you consider essential to the faith.

5. Always speak

respectfully to those with whom you have differing viewpoints

6. Reflect

calmly on differing opinions so that your followers can learn to think critically.

7. Help

your followers respect each other's differences.

8. Politely express

what you consider erroneous in others' messages, without judging the people.
